## **DETAILED ACTION**

### ***Election/Restrictions***

1. This application is in condition for allowance except for the presence of claims 12-22 to an invention non-elected with traverse in Response filed on 10/28/03. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

2. Applicant's election with traverse of group I (Claims 1-11) in communication filed on 10/28/03 is acknowledged. The traversal is on the ground(s) that the device and the method corresponds to a single inventive feature. This is not found persuasive because the search required for the examination of the device is not the same as the search required for the method.

The requirement is still deemed proper and is therefore made FINAL.

### ***Allowable Subject Matter***

3. Claims 1-11 are allowed.

4. The following is an examiner's statement of reasons for allowance: The references of the Prior Art of Record fail to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of one of the electrodes having a shape with a contour of at least one acute angle and one augmenting surface electrode attached to the surface of the piezoelectric and close to the acute angle.

Art Unit: 2834

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO-892.
